

John T. Izzard, Chelsea, I. T.

John T. Izzard, candidate for representative for additional representative district, composed of the counties of Craig, Tulsa and Rogers of the new state of Oklahoma, was born in Georgia 21 years ago. He was reared on the farm, had the advantage of the country public schools of Georgia during his boyhood days at those seasons of the year when it was too cold or too hot to work on the farm, and from the time he was 6 years of age until he was 15 he had probably on an average of four months schooling a year.

Before his college education was begun his father had the misfortune to lose his eyesight, and it became necessary for him to bear the expense himself for the completion of his education before entering college in his native state. He taught school and made enough money to send himself to college for a little more than one year. Then he borrowed money sufficient to send himself to school for two more years, graduating from his Georgia alma mater in the year 1899.

For about three years after his graduation from college he spent his time teaching school in the states of Georgia and Florida; after which he entered Vanderbilt university, Nashville, Tenn., to study law. While taking the law course, he also took some work in the literary department of the university.

After from receiving his diploma the law department of Vanderbilt University in 1904, he came by the way of the World's Fair at St. Louis, directly to Chelsea, I. T., where he has been in the practice of law for three years, and his friends have become many while his law practice has grown. He was admitted to the Bar of the Indian Territory in 1904.

He is a lawyer of ability, conscientious in his work, and devoted to the attainment of justice by equitable means; and has consented to become a candidate to represent Tulsa, Craig and Rogers counties in the first legislature of Oklahoma; and if elected can be depended upon to represent the whole district with honor, integrity and impartiality.

Mr. S. L. Owen, of Wayne, W. Va. says, "I was a sufferer from kidney disease, so that at times I could not get out of my bed, and when I did I could not get straight. I took Foley's Kidney Cure. One one dollar bottle and part of the second cured me entirely." Foley's Kidneys Cure works wonders where others are total failure. A. P. Owens.

## MAYOR PARKS INFLECTS MAXIMUM PENALTY

"Jerome" Patton won the notorious case in police court yesterday. After hearing the evidence of a great many witnesses, and after listening to an earnest plea by "Delmas" Probasco in behalf of Carrie Smith, the defendant, the jury of twelve business men rendered a verdict for conviction on the charge of maintaining a house of ill fame. Mayor Parks gave the defendant the maximum penalty under the law, a fine of \$25 and costs, amounting in all to \$45. The defendant was unable to pay the fine and was committed to jail to serve out the sentence at \$1 per day.

One notable fact in the case was that Elsie Redman, the 16-year-old girl in the case, voluntarily changed her testimony as given in the trial Saturday and testified against the defendant. She said on the stand that she had been enticed to the house, and that she had been threatened with personal violence if she testified against the defendant, and gave that as a reason for her testimony of Saturday. Elsie Redman and the young man, Howell, were fined for frequenting houses of that kind. a

### Vinita's Advantage.

"If Vinita does not become the best town in the Indian Territory part of Oklahoma it will be no fault of the advantages it possesses," says A. Z. Stirling, who has traveled over the two Territories in the interest of the Jamestown exposition. He was surprised at the large number of fine business houses, paved streets and general air of prosperity. "The fine new auditorium is a credit to any city several times larger than Vinita." a
